25X1

MEMORANDUM FOR: Project Director

SUBJECT : Addendum to SAPC - 3783 on Special Clothing for Contractor and/or Agency Personnel

1. [] tells me that the special clothing question appears to be well in hand, in view of the fact that a requirement as [] has been laid on through SAC for issue at [] of the following items to all personnel:

25X1

25X1

- a. Utility cap
- b. Wool sweater
- c. Jacket, flying, Type MA-1
- d. Overalls
- e. (For flight line personnel: Work coveralls)

2. I was not aware that this had been done, but I am now of the opinion that in large part our troubles are solved. Air Force types will have work shoes as part of their ordinary equipment, and Agency personnel attached to the Detachment will have had jump boots, socks, gloves and fatigues issued them before departure for Watertown. In view of the fact that jackets will be issued all personnel abroad, I intend to ask the Detachment to have all its Agency personnel leave their Headquarters-issued M-51 jackets and liners at Watertown, for dry cleaning and subsequent issue to Detachment "B" personnel. This last maneuver should save us a few dollars, and assure us a stockpile of personal equipment at Watertown.

3. [] also tells me that foul weather gear, such as that which will be required by Security personnel on post, is obtainable at [] and may be drawn by the Detachment Supply Officer from the Base Supply on memorandum receipt.

25X1

4. Agency Detachment personnel at Watertown will carry overseas with them their Headquarters-issued footlockers, fatigue caps, fatigues, socks and long underwear, gloves and jump boots. Then with what will be

issued them as USE, they should be adequately equipped for any weather. Contractor personnel will be advised that they should bring work shoes, gloves, work shirts and other items of personal equipment that we do not issue to them for duty at Watertown.
